What jobs would suit me? - Prospects Planner

Prospects Planner is the number 1 job exploration tool for higher education students and graduates and is fully supported by UK career services.

What can it do for me?

- Identify what you want out of a job;
- generate new job ideas and check out your existing ones.

- Find out what motivates you in a job;
- identify your skills and what you can offer to the job/employer.

- See how these match the jobs you are considering.
- Research your chosen jobs in more detail, compare your options and decide on the right choices for you.

**Login or register with My Prospects today
and start using this unique online job exploration tool**

and whilst here check out the other sections, i.e. **Communities**, which advice and information on specific subjects/areas of interest –
