

Broadband for your laptop for just €9.99 a month.

Together is better **O₂**

This year, don't you need some fast broadband for your laptop? Broadband that you can bring to the lecture hall, the canteen and home again?

Our modem is a once-off price of €19.99. After that, you can choose how much you'd like to pay a month, depending on how long you'd like your broadband.

And just in case you want to travel next summer and won't need your broadband, we've thought of that too.

€9.99 a month for a 12 month contract (10GB).

€12.99 a month for the college year (5GB).

Talk to us at our stand on campus or just drop into any O2 store.

Don't forget to bring the following with you:

1. A valid 09/10 student card from one of the participating institutions.
2. Proof of address. This can be a utility bill or a letter from your college.
3. Bank details or credit/laser card.
4. Proof of date of birth.

Offer available to students in eligible institutions from 01/09/09 to 31/08/10 subject to availability, status, minimum term & direct debit. Only one connection per customer. €9.99 and €12.99 monthly rates are valid for a 12 month period, thereafter the then current standard O2 charges apply. Modem cost of €19.99 applies to the E1752 modem only. E1752 Modem is available for first time connection customers only. Data usage in excess of limits is charged at 2c per MB. Excludes roaming. See www.o2.ie/HEAnet for detailed terms and conditions.
